

## URGENT SAFETY ADVICE update

We are still urging you to use the main Met Police website to contact and communicate with local Safer Neighbourhoods Teams (SNT), and **NOT Met Engage**.

Our web article has been updated.

We have also placed FOI requests to ascertain

1. how much did the Met pay to instal Met Engage?
2. how do the MET verify the ID of registrants?

**It is safer to contact your local SNT team via the main Met Police website.**

<https://www.met.police.uk/area/your-area/met/tower-hamlets/>

1. Go to the Tower Hamlets page
2. choose your team
3. select contact, choose “suggest or request a community contact session” and your SNT will ring or email you.
4. See all public contact sessions by choosing the events tab.

By using the Met Police website, you can also use a live chat with Police officers, which is not available on Met Engage. Live chat link, bottom right of every web page.

## ASB from cars, bikes, mopeds

One of our most voiced complaints, street racing.

If you suffer street racing ASB from cars, bikes, moped, you need to report this here

<https://www.met.police.uk/advice/advice-and-information/asb/asb/antisocial-behaviour/vehicle-nuisance-involving-cars-bikes-and-mopeds/>

we also see a lot of people asking how to report various events from injured animals to abandoned cars.

## Remembrance Day

Also referred to as Poppy Day or Armistice Day, Remembrance Day is observed in Commonwealth countries, including Australia and Canada. Other countries such as the U.S. have similar observances like Veterans Day. November 11 is the anniversary of the signing of the armistice, which ended World War I hostilities between Allied nations and Germany in 1918.

We have placed a link to the Poppy shop on our events calendar. We will publish Remembrance Day events in Tower Hamlets as soon as available.

## Social Media

We are thankful to all our followers on

- X 1,000 +
- Facebook page 8,100+
- Web subscribers
- other public channel followers

for their continued interest

We now have more followers on social media than THNWA had combined on OWL and Ourwatch in 2023.

Whilst there was a lot of discussion about political leaning of particularly X, we happily report that their child protection record is exemplary.

"As a result of X's efforts, in 2024, 309 reports made by X to NCMEC led to arrests and subsequent convictions in 10 cases that were confirmed by Law Enforcement agencies. And in the first half of 2025, 170 reports led to arrests. X made a total of 686,176 reports in 2024 and approximately 46% of the reports made to NCMEC were submitted without requiring a human moderator at X to review potentially traumatic content."
